- All on four: Success vs Failure

Presenter Biographies

Dr. Mike Meek

Dr. Mike Meek received his bachelor of science degree in biochemistry from Trinity University, San Antonio. In 1997, he graduated from the Dental School at the University of Texas Health Science Center San Antonio. In 2012, Dr. Meek became a fellow of the Academy of General Dentistry (FAGD) and has made the study of implant dentistry and prosthetics the center of his continuing education. Dr. Meek maintains a restorative-driven implant practice with Dr. David Tasch at 38th Street Dental in Central Austin, Texas.

Dr. Shuaib Malik

Dr. Malik lectures and trains surgeons and dentists here in the US and all over the world on various complex surgical procedures.

With his extensive training and clinical expertise, Dr. Malik has become a leading provider in the All-on-4 procedure. Dr. Malik is also trained in the placement of zygomatic and pterygoid implants in patients who have maxillary and mandibular deficiencies.

Dr. Robin Gallardi

Dr. Gallardi's areas of expertise include orthognathic surgery, temporomandibular joint disorders, reconstructive surgery, bone grafting and dental implants to replace missing teeth. Dr. Gallardi offers a unique skill set working closely with both dentists and specialists alike. Dr. Gallardi is on staff at Advocate Christ Hospital and is Board Certified by the Canadian Board of Oral and Maxillofacial Surgery.

Dr. Sunil Sinha

Dr. Sinha graduated from NYU College of Dentistry in 2002 and completed his OMFS training at the University of Cincinnati in 2007. Dr. Sinha is on staff at Advocate Christ Hospital. In his hospital practice, Dr. Sinha treats complicated cases of facial trauma. He also treats patients with various oral and facial pathology, TMD, sleep apnea, reconstructive and orthognathic surgery, cosmetic facial surgery and dental implants. Dr. Sinha is Board Certified by the American Board of Oral And Maxillofacial Surgery and is the President of The American College of Maxillofacial Implantology.
