For complete registration information and a registration form, please see the reverse side of this invitation.

Course overview

This program is meant to expand on the concept of the All-On-Four protocol of treatment for a failing arch with an immediate load fixed provisional bridge. We will review the myriad of cases that would be well served with this option. Your invitees will clearly see multiple cases that remind them of patients from their own practice who would be well served with this treatment option.

About the speaker

Dr. Nader Sharifi holds a certificate in prosthodontics and a master's degree in biomaterials from Northwestern University. He received his dental education at the University of Illinois. He has presented more than 400 lectures covering numerous topics on restorative dentistry. His presentations on restorative dentistry and patient care have earned him recognition from esteemed study groups, societies and associations across the nation and internationally. Dr. Sharifi is a former assistant professor at Northwestern University. In 1996, he was named to the American Dental Association's Speakers Bureau, and in 2007 Chicago Dental Society honored him with the Gordon J. Christensen Lecturer Recognition Award. He has also been honored with fellowship in the American College of Dentists and membership in the American Academy of Restorative Dentistry- both in 2010. Dr. Sharifi currently maintains a full-time private practice of adult general dentistry in Chicago's downtown loop.
